Subject: NuclearWaste Dec 31st 1999

Dear Sirs,

My name is Margaret E. Meharg my land is as follows *SEC 1 T29N R48E M088M*

Now, in reading between the lines of the information on the Internet it would seem to me that this EVENT is going to take place sooner or later. *CRESCENT VALLEY.*

Yucca Mountain seems to be already prepared for this to happen.

1 ☐ The only comment I have to make is if this indeed must happen why not
2 build a Mono-Rail type structure then there would be no Crossings, no
Blockages also the Habitat of the animals would not be disturbed.

How feasible this suggestion is I have no idea.

☐ Also a proper map should be published naming every area involved so
that the public is aware.

3 ☐ One question I have is what happens to the mineral and Steam rights etc?

Personally I think the Mineral etc rights should still belong to the owners
of the land at the time of the Sale to the Gov.

These are just a few thoughts about the EVENT.

I was thinking how quiet a MONO_ RAIL is.

Thanking you,

Margaret E. Meharg,
144 Menendez Road,
St Augustine,
Florida. 32084

Margaret E. Meharg.
